Situation Contained 1242 Signal "O" 1246 In Quarters _____

Remarks: 11 AM REPORT OF A FUEL SPILL BY MESSENGER ALARM FROM: GEORGE FEE (THE FEE CORP.) & ROGER RANDALL (PERMAFIX REG. MANAGER) NOTIFIED US OF AN APPROX. 500 GAL DIESEL FUEL SPILL. THEY STATED THAT SPILL WAS CONTAINED, CLEAN-UP CREW ON SCENE, AND EPA NOTIFIED. SPILL WAS RESULT OF VANDALISM. PICKERING TOW P.D. NOTIFIED FOR VANDALISM REPORT. AFTER ARRIVING ON SCENE PROX. PD NOTIFIED US THAT VANDALS HAD ATTEMPTED TO SET THE SPILLED FUEL ON FIRE. M-591 WENT TO SCENE TO INVESTIGATE INCIDENT. MINUTES AFTER ARRIVAL ON SCENE M-591 LEFT ON MEDIC RUN. C-590 & M-591 RETURNED TO SCENE LATER - PHOTOGRAPHED AREA. VANDALS HAD OPENED A SIPHON VALVE ON A "USED-OIL-RETRIEVAL TANK, (LEASED BY PERMAFIX FROM ELLS OIL) SPILLING 500+ GALLONS ON A PETROLEUM MIXTURE ON THE GROUND. VANDALS THEN ATTEMPTED TO IGNITE SPILL USING FUSES & A PROPANE TORCH. VANDALS ALSO HAD FUSES BEHIND STORAGE BUILDING ON SITE AND HAD BURNT A SMALL SURFACE AREA ON BUILDING. AT SOME POINT THE VANDALS HAD EXPELLED EXTINGUISHERS (2) ON IGNITED FUEL AREA & VALVE. INVESTIGATION ON-GOING.

RETURNED TO ~~THE~~ SCENE AFTER RW TO 495 HILLVIEW AT APPROX 1430 Hrs.

Dear Mr. Carlton

Following per my phone call to you of this morning is a copy of the letter sent to you on June 30th outlining your requirements under SARA Title III regarding spill reporting and compliance with hazardous materials registration.

As operator of the facility, we understand that you are the responsible party under state and federal laws. If your contract with Ellis Oil calls for them to provide registration and reporting, please expedite their compliance.

Your timely handling the three issues covered in the letter will put this matter to rest.

Very truly yours,

Daniel C. Bolger, P.E.

513/268-9059 - FAX

Dear Mr. Carlton:

This letter will confirm our discussions regarding the incident at your waste oil site in Violet Township on June 24th. There are three basic issues at hand.

1. Pages 16-18 of the enclosed booklet show the requirements of the release reporting rules of the State of Ohio. It is due within 30 days and a copy also should be sent to this office.
2. Under Sara III, your company should have filed within 60 days starting the operation which we understand was about four years ago.

While there are penalties for failure to file for each of the four years, we offer the following:

- a. Make a current filing for the period ending 12/31/94 and make payment to the State of Ohio of \$115.00 which is \$100 plus \$15 late fee.
- b. Make a voluntary contribution of at least \$115 for each full or part year you used the facility. Make that contribution payable to the Fairfield County LEPC and mail it to this office. Your donation will be used to purchase equipment and supplies for the local hazmat team and will be acknowledged with thanks.
3. Within 60 days of moving to a different facility you must file an application with a fee of \$100 per the booklet instructions. Since this will be a "new facility there won't be a late payment.

I trust this will be satisfactory to you. If there are any questions, please call us.

Very truly yours,

Daniel C. Bolger, P.E.

RE - SPILL REPORT FOR ELLIS OIL COMPANY (PICKERINGTON, OHIO)

Dear Mr. Bolger:

At approximately 7:00 a.m. on June 24, 1995, it was discovered that the Ellis Oil Company site at 75 North Center Street, Pickerington, Ohio had been vandalized. An ancillary line from a tank leased by Perma-Fix of Dayton, Inc. for the storage of used oil was manipulated by the vandals. Approximately 40 gallons of used oil was leaked from the three (3) inch line. The material was spilled onto the clay and gravel driveway at the site. The Ellis Oil Company had approximately twelve (12) drums of petroleum oil products in 55-gallon drums stored at the site. The contents of approximately four (4) of the Ellis Oil Company drums were dumped on to the ground. The material from the drums was dumped on to a grassy, low area by the Ellis Oil garage/ storage building.

The impact of the spill was limited to contamination of the soil and clay driveway and the area by the garage / storage building. The material did not leave the facility property line and is therefore not a reportable event under 3750.06 of the Ohio Revised Code. This report is submitted for informational purposes following discussions with Dan Bolger of the Fairfield County Emergency Planning Council.

Upon discovery of the vandalism and release of oil, authorities were immediately notified. The Pickerington Police Department investigated the vandalism and attempted arson (Police Report #95-CR-185). The Violet Township Fire Department also investigated the incident and the Ohio EPA was notified. Chris Bonner of the Ohio EPA (Emergency Response Division) reviewed the site.

The Fee Corporation was immediately notified for management of the spilled material. A response team consisting of Perma-Fix and Fee Corporation employees, removed the spilled liquid material with vacuum tankers and excavated the contaminated soil. All soil contaminated by the release was removed and isolated for transport to an appropriate disposal facility. The contaminated soil has been analyzed by a commercial laboratory (TCLP, TPH, BTEX, PCB) and reviewed by Wes Drake of the Ohio EPA. Mr. Drake has authorized the disposal of the soil at a Subtitle D (Non-Hazardous) land-fill.
