ATTN: Duty Officer: SARA
Spill Report

Mandatory Information

1) Actual time, date and duration of the release or discharge; 0530, 11-22-96, Approximately 1.5 hours.

2) Actual time and date of discovery of the release or discharge;
Same as #1.

3) Actions taken to respond to and contain the release or discharge; Immediate notification of response contractor.

4) Indicate the Ohio EPA spill number and the National Response Center case number on submitted information;

O.E.P.A. - 9611-23-4822

- 5) Location of the facility from which the release or discharge occurred (street or mailing address); Transport.
- 6) Location of the release or discharge (street(s), county, township, city);
 Jullan Road, 1/10 mile East of St. Rt. 159.
- 7) Longitude and latitude, if known, or distance and direction from the nearest intersection or milepost if transportation related release or discharge;

 See #6.
- 8) Chemical name (common name or technical name) and Chemical Abstracts Service (CAS) registry number of the substance involved in the release or discharge;

 Diesel fuel.
- 9) Specifically identify the environmental medium or media impacted and the extent of impact; Non-navigable waterway, roadside ditch, adjacent to area. (20' x 20')

10) Name of waterway and length of area affected;
Non-navigable waterway - roadside ditch.

- If no water was affected then indicate surface area in square feet or yards; $20' \times 20'$.
- 12) If the release or discharge was monitored, indicate the method of detection, concentrations, and wind direction and speed if the release was airborne;
- Amount recovered or neutralized. If neutralized, describe the method of neutralization; Recovered amount, 250 gallons liquid.

- 14) Describe any actions taken to reduce the impact of the release or discharge; Vacuum remove free liquid from immediate area. Install inter-
- ception trench, dam roadside ditch, and excavation to remove effected soil.

 Provide a chronological summary of the incident; Include a chronology of communications with state and local government agencies;

 See attached page.
- Provide manifest, bills of lading, laboratory analyses which were generated by the owner and operator the facility and are germane to the incident;
- 17) Describe any extenuating circumstances which caused the release or discharge; Tractor-Trailer (semi) rolled on side causing damage to right side fuel tank to leak.
- 18) Describe any known or anticipated acute or chronic health risks associated with the release or discharge;

 None known.
- 19) Where appropriate, advice regarding medial attention necessary for individuals exposed to the substance released or discharged;
- 20) A summary of all actions taken by the owner or operator to prevent a recurrence of the release or discharge;

 Drivers training and safety programs.

Voluntary Information:

- 21) Indicate any air, water or other permit numbers which may be pertinent to this incident and to the efficient/emission limitations which may apply;
- 22) To the extent information is available, identify damage to wildlife and/or vegetation; None to wildlife, fuel was suspended on surface due to rain and wet ground. This also made vegetation damage minimal.
- 23) To the extent information is available, identify impact to human health and safety (evacuations, human exposure, death or seen as injuries);

 None.
- 24) Economic impact;
- 25) Estimate the dollar value, if any, of the released or discharged product;
- 26) Estimate the replacement or repair cost of the equipment replacement or repair;
- 27) Estimate the costs of cleanup.

Additional Reporting Requirements:

If you receive significant other information after the written report is completed, you must update, in writing, this report within three (3) days of learning the additional information.

11-22-96 CHRONOLOGY OF EVENTS

(Some of these times may be approximate.)

- 0530 Accident Trucked flipped on side.
- 0530 Another truck driver notified Fairfield Sanitation Landfill by CB Radio of accident.
- 0535 Landfill called Fairfield County Sheriff, who also contacted Clearcreek V.F.D.
- 0545 F.C.S.O. on scene
- 0547 Clearcreek V.F.D. on scene.
- 0630 Notification made to response contractor.
- 0730 F.C.S.O. cleared the scene.
- 0752 Clearcreek V.F.D. cleared scene.
- 0800 Reponse contractor dispatched.
- 0840 Response contractor on scene.
- 1500 Response contractor cleared scene.
