RE: The release of hydraulic fluid on May 4 on Benson/Winchester Rd.

Dear Mr. Bolger,

I received your letter relating to the release of hydraulic oil on May 4, 2000 at Winchester and Benson Rd. I have talked to Allen Reid about this since the loss was only 7.5 gal which is less than the reportable amount of 25 gal. He told me to write to you and tell you that only 7.5 gal. was released and that we had cleaned up the release within 1 1/2 hours of the incident. We used an oil dry product and swept it up and disposed of it. I am sorry it has taken so long to respond to your letter, but as you may be aware we are in our busy season and I have not had a chance to sit down and write you a formal letter until now. If you have any questions, please feel free to give me a call anytime.

Sincerely,

Mike Rager, Pres.
