WMD EVENT	OTHER INFO: <i>Response N/A to Berne on a Methanol spill. Berne twp. had talked to BBV who was already there. I arrived on scene met with fire command and BBV and Columbia Gas. they had already spoke to EPA. was advised to clean up what they could and not move any dirt until daybreak tomorrow. We used Mb 140 to monitor air. Found nothing. Columbia Gas repr. and BBV decided to dilute methanol and suck it up with a vac truck. Haz mat units in service.</i>	Air Supply <i>---</i>
